

GAR AI BRED COMMERCIAL HEIFERS

This offering of 295 GAR-Influenced bred heifers selling in 31 groups represent both volume and value. The females sell with complete Method Genetics EPDs and Indexes. As always, the winning bidder can select the groups he or she would like, taking one group or more groups within a category. The bidder is bidding on the group. Our commercial cow-calf customers are using GAR genetics and Method test results with extraordinary success regardless of their chosen end-point. We often talk about the

importance of producing "a pound of gold" rather than "a pound of lead." Our customers agree. This volume offering of genetically superior commercial females is unique in the beef business and truly a buyer's opportunity. Remember, freight is on us as we will deliver these heifers free of charge just like the registered cattle.
